يَرْفَعُ اللَّهُ الَّذِينَ ءَامَنُوا مِنْكُمْ وَالَّذِينَ أُوتُوا الْعِلْمَ دَرَجَاتٍ

"Allah elevates the standing of the faithful and those who are blessed with knowledge."

My brothers! Just as food is sustenance for the body and vital to it, knowledge is food for the soul. It is essential to ensure that the soul receives it.

Become doctors, engineers, lawyers, and other noble professionals, as well as the best of businessmen; be business minded. However, it is important that you always remember that deeni knowledge comes first, it is necessary, it leads to salvation.

The days of Asharah Mubarakah are near during which the zikr of the knowledge of Aale Mohammed will take place. The essence of this knowledge is the zikr, buka, and matam upon Imam Husain AS.

FROM AAMIL SAHEB'S DESK

Janab Aamilsaheb,
Shaikh Abdeali bhai Bhanpurawala
(Kothari)

President,
Jamaat Committee

Rasul Allah SAW has stated, "Seeking knowledge is obligatory upon every Muslim man and Muslim

woman." We are fortunate that we are following the guidance of Rasul Allah's Da'i and fountain of Ilm Syedna Aali Qadar Mufaddal Saifuddin TUS. Aali Qadar Moula always emphasises to seek knowledge and reach to the highest peaks of success. However, our base and foundation should be in the Ilm of Aale Mohammed. There are many bayaan regarding this. Our children should know the Islamic standpoint in all the subjects they study.

Umoor Taalimiyah members of Fakhri Mohalla render khidmat to provide the best of deeni taleem while also encouraging students to pursue their worldly education. I request, hope and urge the mumineen of Fakhri Mohalla to come forward and render khidmat not only monetarily, but also physically and morally and wholeheartedly support us in our endeavour for building a state-of-the-art madrasah for young students and safeguard their deeni taleem. Our collective efforts will uplift the education standards of our mohalla and help us attain the khushi mubarak of Aqa Moula TUS.

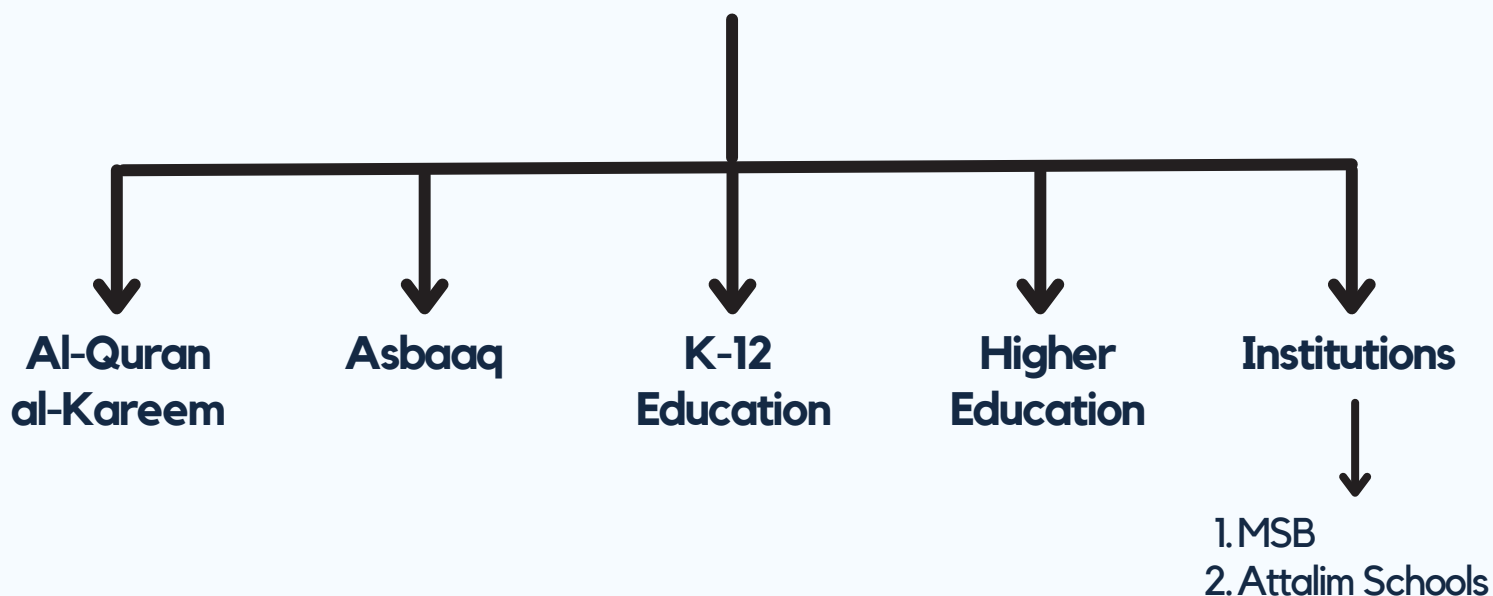

We should always remember that the essence of all knowledge is Imam Hussain's AS maatam.

Following the Farman and guidance of our beloved Aqa Moula TUS we all should busy ourselves in doing ohbat for Ashara Mubaraka by attending majalis and also reciting Marsiya with matam in our houses. We resolve to attend Ashara Mubaraka waaz before time (qablal waqt).

May Allah TA grant our beloved Aqa Moula Aali Qadar Moula TUS a long and healthy life and give us the barakat of listening and learning Ilm of Aale Mohammed from him.

A look into the world of Umoor Taalimiyah

Departments within Umoor Taalimiyah

Syedna Mufaddal Saifuddin TUS has always emphasized on the importance of providing a holistic combination of deeni taleem and duniyawi education to each Mumin. The scope of work for Umoor Taalimiyah includes:

- Ensuring mumineen learn how to recite the Quran and encourage them to hifz
- Assist the Amil Saheb with the management of asbaaq logistics and encourage mumineen to attend asbaaq
- Ensure that all farzando receive best quality deeni and duniyawi education.
- Encourage Mumineen to obtain higher education and provide counselling as necessary.
- Encourage Mumineen to contribute in Minhath Talimiyah.
- Follow instructions issued from Attalim Department and Idarah al-Madaris al-Saifiyah al-Burhaniyah for the administration and management of deeni schools.
